Military Y.M.C.A. To Start Big Campaign

A meeting which was fairly representative of the various towns of The Pass was held at the Comopolitan Hotel on Thursday afternoon, where the plans for the coming great drive were outlined by Mr. A. C. Newcombe, of Calgary. At the meeting it was thought that in view of the fact that over \$1500 was raised in this district during the 1917 campaign, it should be possible to raise for the new appropriation at least \$2,000, the task to be apportioned to the towns of Coleman, Bellevue, Hillcrest, Frank and Blairmore. Last year great enthusiasm was shown in the campaign, following the organizations effected by Mr. Easterbrook and the addresses delivered on behalf of Military Y.M.C.A. work by Capt. Pearson, a veteran member of the organization who had seen considerable of the activity of the organization right up to the trenches. Since that time interest has continued to grow and now no organization maintains the sympathy and promise of support of the public, save the Red Cross, as does the Military Y.M.C.A. The central executive has allotted the sum of \$20,000 to the territory covered by Mr. Newcombe, which comprises all the district from DeWinton south to Macleod and west to Coleman, and it is safe to expect

that the objective of \$2000 will be greatly exceeded in this part of the district. Last year, Coleman subscribed some \$751, or almost half of the total amount subscribed by the district, and those whose activity was greatly responsible for the success last year, are confident that Coleman can do as well if not better in the approaching campaign, which will be made on May 9, 10 and 11.

A conference is to be held in Calgary on Thursday of next week, and the following were appointed from the meeting yesterday to represent The Pass: J. F. Hunter and J. E. Gillis, Blairmore; W. G. Lawson, Coleman. Provisional committees were appointed as convener, as follows: Blairmore—J. F. Hunter, W. J. Bartlett, Rev. J. E. Gillis; Coleman—O. E. S. White, W. G. Lawson; A. M. Morrison, H. C. McBurney and W. L. Oumette; Hillcrest—G. Cruickshank, Frank J. Smith, F. Loto; Bellevue—J. Brooks, L. P. Robert, E. C. MacDonald, Rev. H. Peters; Frank—Rev. W. T. Young, E. Morgan, G. J. Tompkins, George Pattinson, J. Brown. The above committees will during the week call meetings of citizens for the purpose of electing permanent committees, which will comprise chairman, secretary and three or five of an executive for each.

Anniversary Services Central Union Church

The anniversary services at Central Union church on Sunday last were largely attended, and the audiences were highly pleased with the discourses delivered by Rev. J. N. Wilkinson, of Plincher Creek. On Monday night a large number of people attended the platform meeting, which was indeed a success. Several speakers were on deck, including Revs. Hunter, Wilkinson, Young and Fulton, and Capt. H. E. Lyon, the pastor occupying the chair. The most important item on the evening's programme was the unveiling of what is known as a "Community Honor Roll," containing the names of every man who has enlisted from the community for active service. Every man's name appears on this roll, not because he figured in connection with any particular church, society or other organization, but because as a representative of the community he has gone to do service for the empire in one great cause, the cause of humanity and civilization. The honor roll, beautifully arranged by our local artist, Mr. J. B. Harmer, and framed, and bearing the names of 116 citizens, was unveiled by Mr. F. M. Pinkney, the chairman of the board of managers, in a speech befitting the occasion. Of the number enrolled, some seven or eight have been killed in action and rest beneath the sod in No Man's Land. For the others the hope was expressed that all should come through the conflict safely and be spared to return to home and dear ones. During their remarks the different speakers strongly appealed for increased interest in church welfare. Messrs. Young and Wilkinson emphasized strongly the need for united efforts and united congregations. Capt. Lyon commented upon the splendid work being accomplished in the war by such organizations as the Y.M.C.A. and the Red Cross, not forgetting the auxiliaries of both in our own free land. He had changed his views in connection with the rum issue since going overseas, and could not say anything against it, but rather

Sapper Frank Daley Dies At Lloydminster

Word was received this week of the death of Sapper Frank Daley, which occurred at Lloydminster, Saskatchewan, on March 26th, following a long illness. Sapper Daley enlisted at the commencement of the war in August, 1914. He was a patient at the Frank Military Hospital for the greater part of last year, during which time his mother resided in Blairmore so as to be in close touch with him.

Death of Gunnar Tiberg

The sudden death of Gunnar Tiberg, aged eighteen years, occurred yesterday afternoon at his home on Eleventh Avenue. Gunnar had been in the employ of the West Canadian Collieries, and was taken suddenly ill while returning from work at the mine at noon. He was conveyed home by some friends and Dr. MacDonald was summoned, but before anything could be done for him the spirit of life had fled from him. His father had predeceased him but three months, and as Gunnar was the only support of his mother and two small brothers, the circumstances are particularly sad.

Just last week and he returned from Elko, where he attended the funeral of his cousin, who died in a similar manner.

Funeral will be held from the home on tomorrow (Saturday) afternoon to Central Union church, where a service will be held, after which interment will take place at the Blairmore cemetery.

felt that the issue of the rum in the trenches as a ration was a necessity that our boys should not be deprived of. Mr. J. R. Smith added to the programme several appropriate songs and one sacred selection entitled "The Three Crows," and at the close refreshments were served by the ladies of the congregation.

Military Service Act

Important Announcement to All EXEMPTED MEN and to the Public Generally

IN dealing with the very large number of claims for exemption brought forward for consideration in connection with Class I under the Military Service Act, it has occurred, as was inevitable, that as a result of false statements and difficulties put in the way of investigation, some individuals have secured exemption whose proper place is in the Army.

It is not the intention of the Government to allow these men to evade permanently their obligation to bear their part in the military defence of the Country and of the ideals for which we are fighting. To do so would defeat the purpose of the Act, and cause grave injustice to men in the second class necessarily called out to fill their places.

Exemptions Granted on False Grounds

It is, therefore, proposed to scrutinize carefully all exemptions granted to date in order to separate those which have been granted on false or insufficient grounds from those that are well founded.

With this object in view the various Registrars under the Military Service Act have been instructed to issue a series of questionnaires to exempted men. These questionnaires must be filled up correctly and returned promptly under penalty of forfeiture of exemption for failure to do so.

Exempted Men Who Have Changed Address

It is therefore important in their own interest that all exempted men who have changed their address since their exemption was granted and who have not already notified the Registrar of such change should notify him at once. Under the Regulations it is the duty of exempted men to keep the Registrar advised of any change of address, and failure to receive the questionnaire by reason of neglect of this duty must be treated as equivalent to failure to return the questionnaire after receipt.

Citizens Urged to Assist

In many instances information has been furnished by members of the public which has led to the cancellation of exemptions obtained by false or misleading statements. Further co-operation of this character is invited. The Government regard it as the Duty of all loyal citizens, not only to the Country, but to the men at the front, to assist in this way in securing reinforcements on a just and legal basis. Correspondence of this character will be treated as strictly confidential and will receive the fullest investigation.

CHARLES J. DOHERTY,
Minister of Justice.

Correspondence should be directed to J. M. Carson, Esq., Registrar
under the Military Service Act, Calgary, Alta.

The Ford is Now Considered a Necessity for Large-Scale Farming

WHETHER you are doing work on a large scale, or a small scale, you endeavor to reduce the delays of your farm machinery to a minimum and save time. A Ford will assist you in doing these two things.

If your tractor runs short of gasoline, the Ford will bring a few cans right to the spot and greatly shorten the delay. Or if you need a repair, or some new plow points, you can 'run' the errand to town and back in one-third the time it would take with a horse and rig.

With a Ford you can supervise the work on your ranch much more thoroughly. You can get your mail and supplies oftener, and take more enjoyment out of prairie life. A Ford will do all these things and many more, and at the same time save you money.

The strength and endurance of the Ford has been proved the world over. It is equal to the western roads and the distances.

The Ford is the car for the Western Farmer.

A pleasant evening was spent at the parish hall, St. Alban's, Coleman, on Monday last, when a presentation was made to two returned veterans, Mr. H. Armstrong and Mr. W. Bradford. The farmers were presented with a silver wrist watch and the latter with a handsome pipe and case of tobacco. The affair was staged by the soldiers' wives, mothers and relatives in Coleman. The two recipients expressed their appreciation of the kindly feeling towards them. The chairman, Mr. Harry W. Clark, in thanking the presentation, spoke of the debts due by the community at large to the returned men and said that nearly every one at the meeting had relatives serving in the army. The Rev. H. Clavys gave a stirring and patriotic address and sang two songs. Others taking part were Mrs. M. Morrison and Mrs. G. Easton and Mr. John Hadfield. The ladies' committee, who looked after the refreshments, etc., were Mrs. R. Johnson, Mrs. Beart, Mrs. Hadfield and Mrs. Derbyshire. The Coleman town band, under the guidance of F. Heddington, also rendered good service in making a success of a most enjoyable evening.

Hand-made, fancy bread in Canada went off the market on March 15, under the Canada Food Board's new regulations. Standard war flour, meaning flour about two per cent coarser than ordinary, may only be used for bread from hence forth.

Rev. Dr. G. W. Kerby has been placed on the reserve of officers list, and will hold his rank and seniority as a major. He is subject to the call of the D.O.C. at any time to service. As a reserve officer he will have permission to wear his regimentals on occasions when necessary.

The steamship Celtic, one of the largest White Star liners, was attacked and torpedoed by a German submarine during a voyage from England to America. It is believed the ship will reach port safely. The Celtic has a gross tonnage of 20,904, and has for many years been one of the largest steamships in the trans-Atlantic service. She is 681 feet long with a 75 foot beam.

One pair of rabbits in one year would increase to 2884 in twelve months at the rate of six young ones per month, which is a very conservative rate, some young families numbering as high as thirteen. This is also allowing for the elimination of surplus male bunnies as soon as they are big enough to eat. Rabbits can live on hay and get along very cheaply. They provide five pounds of meat when full grown.

The home of Mr. and Mrs. McDowell, near Beaver Mine, was completely destroyed by fire last week. The origin of the blaze remains a mystery. Men from a neighboring house succeeded in removing a piano from the blazing building, which was the only thing saved. Mrs. McDowell left but a few weeks ago for the Coast, while several sons are at the front, only one son and daughter remaining at home. The loss is a very serious one.

In Premier Stewart's interview with the Social Service deputation, recently, he made the following amusing remark: "Recently I happened to be at the local express office on two different occasions and was simply amazed at the number of people calling there for liquor during the half hour I was waiting my turn." The deputation roared with laughter and it took considerable time for the premier to convince them that he had never bought nor had a bottle of liquor brought in since the law went into effect.

The federal government has appropriated the sum of \$200,000 to be spent on the national highway this year between Medicine Hat and Crow's Nest. We are wondering if the plan mapped out by them includes the requisitioning of the C.P.R. steam shovel to open a decent road through the Frank Slide. It is said that the money that has been spent in building up and repairing the present road over the Slide during the past ten years would more than cover the cost of grading a road with the aid of the steam shovel which would remove the present grade almost entirely.
